"I had the pleasure of working with Joel and Nadina on several occasions. They take pride in what they do and it's easy to tell that their passion for the sport and what they do oozes off their racquets. When you're on court with them, you know it's time to take care of business - or in this case, tennis business. Instruction and drills are delivered in an efficient, yet fun, and active way. They're happy to provide feedback and are always approachable and open to questions or conversation. Students are always pleased with their results and challenged by the activities that Joel and Nadina provide. There's never a dull moment on court with Joel & Nadina.
